FUEL ADJUSTMENT CLAUSE OF JACKSON)	CASE NO. 90-380-C
PURCHASE ELECTRIC COOPERATIVE)	
CORPORATION FROM NOVEMBER 1, 1991 TO)	
APRIL 30, 1992)	

INTERIM ORDER

Pursuant to Commission Regulation 807 KAR 5:056, the Commission on June 29, 1992 established this case to review and evaluate the operation of the fuel adjustment clause ("FAC") of Jackson Purchase Electric Cooperative Corporation ("Jackson Purchase") for the 6 months ended April 30, 1992.

As part of this review, the Commission ordered Jackson Purchase to submit certain information concerning its compliance with Commission Regulation 807 KAR 5:056. Jackson Purchase has complied with this Order. The Commission further ordered that a public hearing be held in this case but canceled it when, after publication of notice, no interested party advised the Commission of its intention to attend.

Jackson Purchase is a distribution cooperative which purchases its power from Big Rivers Electric Corporation ("Big Rivers"). Over the past two years, the costs of Big Rivers' coal purchases have been at or near the highest of the electric generators regulated by this Commission. This, coupled with the recent disclosure of potential conflicts of interest between former

employees of Big Rivers and one of its coal suppliers, E & M Coal Company, leads the Commission to believe a more indepth investigation of Big Rivers' fuel procurement practices since November 1, 1990 is necessary.¹ Therefore, we make no findings with respect to the operation of Jackson Purchase's FAC at this time. A final Order will be issued upon conclusion of the Commission's investigation of Big Rivers' fuel procurement practices.

IT IS THEREFORE ORDERED that this docket shall remain open until the Commission has concluded its investigation of Big Rivers' fuel procurement practices.

Done at Frankfort, Kentucky, this 2nd day of December, 1992.
